# Portside

CAFE | RESTAURANT

Sweeping views of the Mary River, this grand building is a testimony to the high regard held for and the appreciation shown to customs officers who once served Maryborough's busy ports. Built in 1899 together with the Customs House, these buildings are examples of high quality of design produced by the Public Works Department of Queensland in that Era.

The Residence is constructed of locally made, red faced brick with stone dressings, roughcast finish and roofed with Queensland made tiles. The builder Henry Neale added a final touch, beyond the specifications of the tender, by finishing the brick work in black tuck pointing.

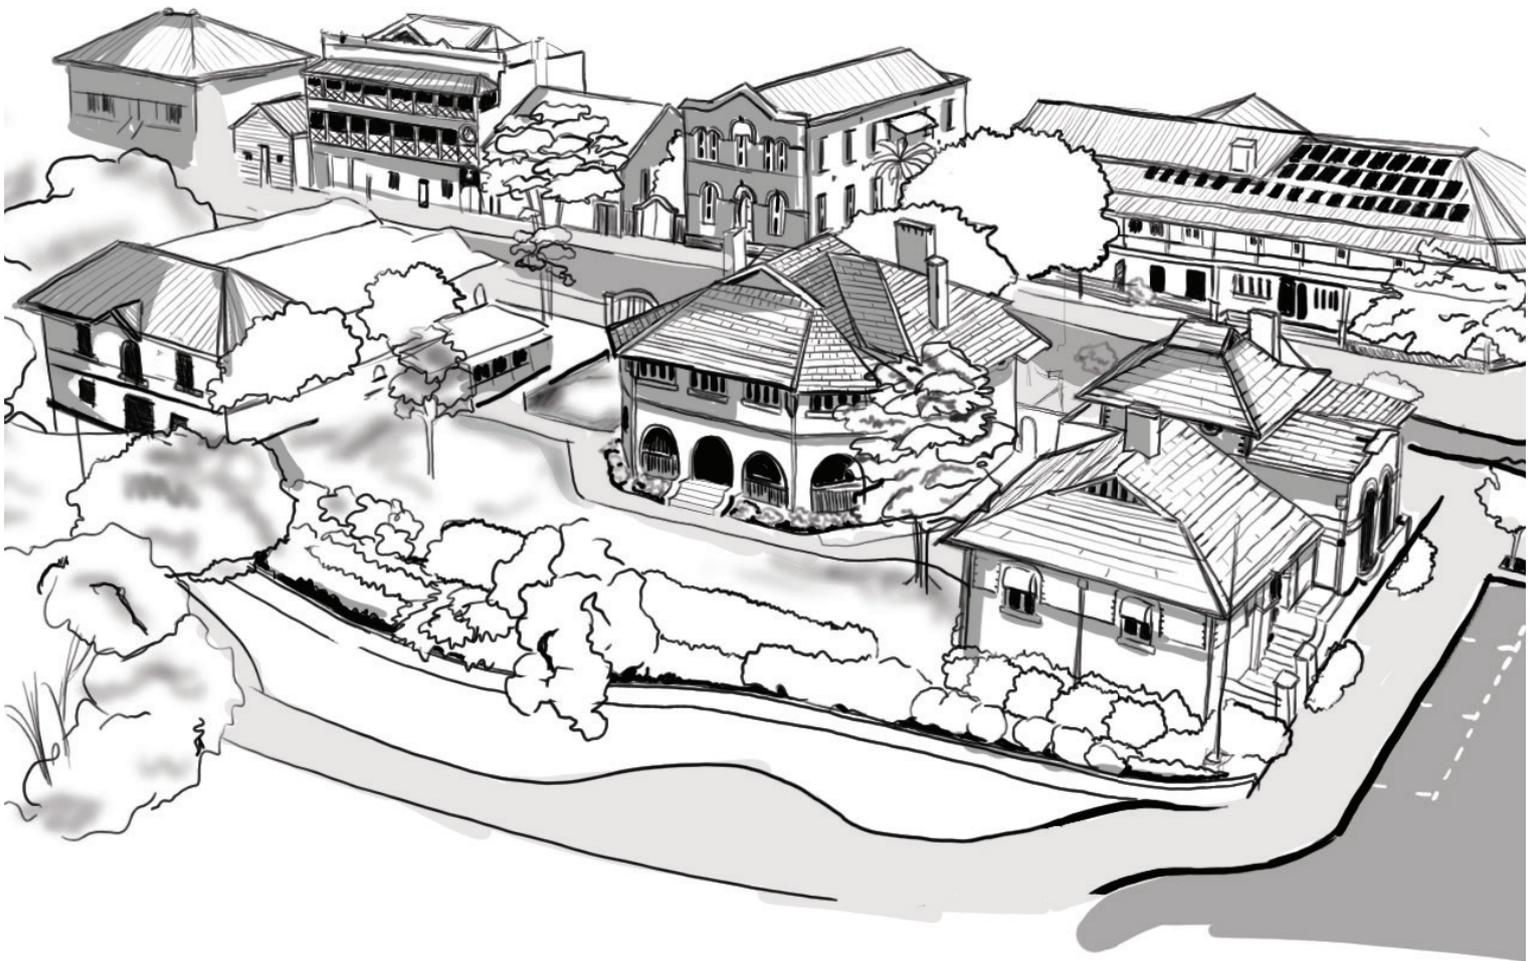

The residence has a large variety of openings which contribute to its complex form. Many of the windows in the house are glazed with pale glazed leadlight panels. Centrally placed in many of the internal rooms are decorative timber fretwork panels. Several fine fireplaces survive throughout the buildings. These twin buildings, along with the adjacent Bond Store, provide a strong contribution to the streetscape of Maryborough's historic Wharf Street Precinct.

Whilst Portside Cafe and Restaurant will try to accommodate requests for special needs meals for customers who have food allergies or intolerances, we cannot guarantee completely allergy free meals. This is due to the potential of trace allergens in the working environment and supplied ingredients.

Frances, Carl and the Team thank you for your company and we strive to be the best we can be and appreciate your feedback.

One bill per table please  
Please advise of any dietary requirements
